

## Specifications

**Product** Silent Support Anti-Vibration Pad

**Application** Refrigeration and air conditioning, or other high vibration equipment or machinery.

**Purpose** These anti-vibration pads are designed to reduce vibration and noise associated with HVAC equipment and other similar machinery.

**Composition** Recycled rubber

**Advantages** DiversiTech's recycling initiative has resulted in this recycled rubber pad. When placed under highly vibration prone equipment, they will absorb much of the energy and prevent most unwanted noise. If the equipment needs to be slightly raised, the Silent Support can form an interlocking stack.

**Concentrated Load** 50 PSI

## Package Metrics

**Producer of Goods** DiversiTech

**Domestic/Foreign Commodity** Foreign
